

All people who receive money through Supplemental Security Income (SSI) or Temporary Cash Assistance (TCA) automatically receive Medicaid.

If you do not get SSI or TCA, you must file an application to find out if you are eligible for Medicaid. To do this, you must go to the Local Department of Social Services in the city or county where you live.

If you are interested in applying for the Maryland's Children's Health Program (MCHP), you may obtain an application from your Local Health Department. The completed application can be returned by mail or in person.
